Being a General Board member is an incredibly rewarding opportunity. If you are considering running for Regional Board, this is an excellent chance for you to gain first-hand experience about the position that you are interested in. This is also a great opportunity to get more involved with NFTY-PAR, even if you do not plan to run for Regional Board. As a Cabinet Member, you will be expected to act in the same respectable manner that a Regional Board Member would, both at and away from NFTY-PAR events. You are representing our region and should do so in a positive light.

Keep in mind that being accepted onto NFTY-PAR's General Board is only the beginning. As a NFTY-PAR General Board member, it is vital that you are doing this for more than the title. While it is certainly does feel good to say "I'm on ___ Committee," remember that you are applying to be on the General Board to elevate the region, not just yourself. The work ethic that you present while you hold one or more of these positions will be taken into consideration by the Regional Board should you pursue higher leadership opportunities in the future.

As you read through this packet, take note of the position(s) that interest you. Make sure that you are up for the challenge of putting in extra work to help make PAR a better place. Upon completion of this packet, your application will be reviewed and you will know by Hag/Mac if you have been selected to hold a General Board position.
