

Hannah Scott for SAVP

Why I'm Running...

I started my journey about 15 events ago, since that time my passion and love for NFTY has only grown stronger. NFTY-PAR is the core reason as to how my passion for social action started. I want to instill this love, craving for justice, and passion that I have for PAR and social action to the rest of region as the Social Action Vice President. I have had many leadership and social action opportunities presented to me through PAR and wish to give the same opportunities to the rest of the region.

Goals:

- ★ **Educate PARticipants on social justice issues**
- ★ **Empower PARticipants to use their voice**
- ★ **Show PARticipants the next steps to create the change they wish to see**
- ★ **Encourage participants to be engaged in their communities**
- ★ **Make sure all PARticipants feel as if their beliefs are valid and welcome**
